

# Clifton upon Dunsmore

## CosyBoard™ Installation

October 2020

An underfloor heating project featuring UFH Supplies' **CosyBoard™** 18mm gypsum fibre overlay system.

UFH Supplies' **CosyBoard™** underfloor heating system was recently supplied for a project in Clifton Upon Dunsmore near Rugby.

The images below show UFH Supplies' **CosyBoard™** 18mm gypsum fibre overlay system. This was installed by one of our selected premium installers. These images show both our return boards as well as our straight "highway" boards.

The before and after photos of the area below the manifold show the area before the grouting is poured and the latter shows with the first layer of grouting. This is for the first-floor areas only the ground floor will be installed within a traditional screed system.

## UFH Supplies System

**CosyBoard™ UFH Board**  
**18mm routed gypsum fibre**  
**underfloor heating board**
